Forecast For Southwest England
Issued by Met Office Exeter
at 0400 on Sunday 21 Nov 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Feeling cold with sunny intervals and occasional showers.

Today:
A good deal of sunny intervals around today. Staying dry in the east but showers feeding into the west. Feeling noticeably colder, particularly in blustery winds along coasts. Maximum temperature 9 deg C (48 deg F).

Tonight:
Skies staying largely clear overnight, allowing temperatures to drop and result in a chilly night. Remaining blustery, particularly along southern coasts. Minimum temperature 2 deg C (36 deg F).

Monday:
Another chilly start on Monday, but a sunny and dry day follows with clear skies and breezy winds. Temperatures slightly closer to average but still feeling on the cold side. Maximum temperature 10 deg C (50 deg F).

Outlook for Tuesday to Thursday:
Another largely dry day on Tuesday with sunny intervals, then cloudier on Wednesday with outbreaks of rain later. Turning brighter, breezier, and colder again on Thursday with western coastal showers.
